**Subject:** test email 1 of 5

In discussions that were held during the April 10 and 11, 2008, Hydrology Safety Audit of NAPS 3, it was determined that the NRC's staff review would be assisted by Dominion providing clarifying information electronically or digitally. This was confirmed during a subsequent telephone call on May 22, 2008.

As discussed with Tom Kevern, NRC ESBWR and NAPS 3 Project Manager, Andrea Johnson, NRC Project Manager, and Chris Cook, NRC Hydrology Lead Reviewer, on June 9 and 10, 2008, Dominion is providing the following clarifying information:

- 1) HEC-RAS (Local PMP Drainage Analysis) input and output information used in calculation (labeled as a folder);
- 2) Site Layout and Drainage Areas (1 sheet) (labeled as Attachment 1);
- 3) HEC-RAS Cross-Section Locations (1 sheet) (labeled as Attachment 2);
- 4) HEC-RAS Input and Output Report (50 sheets) (labeled as Attachment 3); and
- 5) HEC-RAS Cross-Section Plots (17 sheets) (labeled as Attachment 4)

HEC-RAS Cross-Section Plots (17 sheets)

Separate emails are planned to be sent based on attachment file sizes. Please acknowledge receipt. Thank you -

Tony Banks  
Dominion  
ESP/COL Project  
804/273-2170
