Aaron,

Here is the information from Gibb.

Karen,

Please Aaron the Illinois package I left in your area, and do not finalize it yet. Aaron is going to take another look at the comment and see if we agree or disagree with IL.

Thanks.

Kathy

Kathy, I think we have some confusion on cross references regarding Comment 13 of your letter dated March 12, 2008.

The regulation below is what we have currently for 335.5010(a) which dereferences 335.30 (not 335.50 as noted in your letter). Below that we have the 335.30 that was included in the latest packet we sent you. This includes the 330.260(c) that you are looking for. So this correctly includes the reference that you are after. We simply decided to include all our manufacturing references in one section to streamline the rulemaking process. Both of these are final in Illinois

Please let me know if you concur on this.

Regards, Gibb.
