RE: Source Material License SUA-1548, Docket No. 40-8964  
Request for Additional Information Concerning Toll Milling

Dear Mr. Mandeville:

Cameco Resources (CR) is requesting an extension of 60 days regarding your letter of July 23<sup>rd</sup> request for additional information concerning CR's Toll Milling amendment submittal. The additional time would allow CR to properly prepare a response consistent with potential third party transportation impacts and, if needed, a consultant to assist with the bounding analysis.

If you have any questions concerning this submittal please contact me at (307) 358-6541 ext. 46.

Regards,
