SUBJECT: MAINTENANCE OF REFERENCE MATERIALS AT THE BRONSON  
PUBLIC LIBRARY RELATED TO THE ENVIRONMENTAL REVIEW OF  
THE LEVY NUCLEAR PLANT COMBINED LICENSE APPLICATION

Dear Ms. Moseley:

This letter is a follow-up to a telephone conversation on October 08, 2008, concerning the maintenance of documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of Progress Energy Florida, Inc. application for a combined license (COL) at the Levy Nuclear Plant site.

The NRC staff appreciates your willingness to assist the public in participating in the COL application process for the new reactors. As discussed, your support would consist of providing shelf space in your reference section, which would be used for making documents related to the NRC staff's environmental reviews of the new reactor license application available to the public. Included with this letter are a hardcopy (2 volumes) and CD of the Levy Nuclear Plant COL Application Environmental Report.

We will place the Bronson Public Library on our distribution list for notices and major documents related to the environmental review of the Levy Nuclear Plant COL application. Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-2730 or via email at [Douglas.Bruner@nrc.gov](mailto:Douglas.Bruner@nrc.gov), or Ms. Jessie Muir at (301) 415-0491 or via email at [Jessie.Muir@nrc.gov](mailto:Jessie.Muir@nrc.gov).

Sincerely,
