Subject: RAI, New License Application

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: Have you owned another practice with a material license? No, this is a new business. As the location of the business is the same as Dr. Collison's license (19-30752-01), the new license need to be issued concurrent with the termination or other modification of Dr. Collison's license. I also stated that he needed to make a commitment to receive all the sealed sources from Dr. Collison's license and be responsible for any areas that would need decontamination. As for his new application, additional information is needed as the guidance documents did not appear to be used. I showed Dr. Gist how to get Volume 9 of NUREG-1556 and particularly Appendix C section and asked him to submit the information using this guidance. .
