License Renewal Application Review
Burke County, Georgia
HP-080429-007**

Dear Ms. Lund:

The Historic Preservation Division (HPD) has received documentation regarding the above referenced undertaking. Our comments are offered to assist the United States Nuclear Regulatory Commission (NRC) in complying with the provisions of Section 106 of the National Historic Preservation Act of 1966, as amended (NHPA).

Based on the information provided in the April 2008 draft report entitled *Generic Environmental Impact Statement for License Renewal of Nuclear Plants, Supplement 34, Regarding Vogtle Electric Generating Plant, Units 1 and 2*, HPD concurs with the findings of this document concerning impacts to historic properties. Specifically, HPD concurs with NRC's determination that the undertaking will have no adverse effect to historic properties.

If we may be of further assistance, please do not hesitate to contact Elizabeth (Betsy) Shirk, Environmental Review Coordinator, at (404) 651-6624, or Michelle Volkema, Environmental Review Specialist, at (404) 651-6546.
