fyi.

Also, I got feedback from PGC today that they are to be on concurrence for all letters in addition to FRNs

Correct! For those sites, you identify the counties and water bodies. That's enough detail.

OK, which means we identify the non-proprietary alternative sites in our letters, right?

Mike is on board with Nancy and me now so you can go ahead as planned.

Thanks

Folks,

We're getting conflicting guidance regarding whether non-proprietary alternative sites and transmission line Rights of Way should be included in our letters. RAP will follow whatever guidance RENV provides, but it seems there's a difference of opinion within RENV. Please let us know what the consensus is. We're trying to get the Harris letters out and need to know what to do.
