Subject: italy's waste?

For America to accept waste from another country is absolutly ridiculous. I am speaking about Energy Soultions seeking approval from you to import waste from Italy to be disposed at their Clive, Tooele County, Utah facility. To me it is like your next door neighbor giving you their gross amount of diarrehea to flush down your own toliet. Your neighbor has stopped up their toliet with their own diarreaaha so they brought it to you to deal with and do what you please. Little do you know, it will stop up your toliet and break it causing waste to contaminate your entire house!

If this happens... if Energy Soultions has their "rich" way in getting Italy's waste... the U.S.A. will be the laughing stock of the world. It is so ludacrious that there is even discussion. Who in their right mind would agree to such a thing!? Oh... America because we have payed off leaders these days!
