Getachew,

The proprietary and non-proprietary versions of the technically correct and complete responses to all of the five questions of RAI No. 33 are submitted via AREVA NP Inc. letter, "Response to U.S. EPR Design Certification Application RAI No. 33" NRC 08:068, dated September 5, 2008. An affidavit to support withholding of information from public disclosure, per 10CFR2.390(b), is provided as an enclosure to that letter.

Sincerely,

Ronda Pederson

Attached please find the subject requests for additional information (RAI). A draft of the RAI was provided to you on July 15, 2008, and discussed with your staff on August 5, 2008. Item (g) from the canceled RAI 28 was added to Draft RAI Questions 04.03-2 as a result of that discussion. The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a date for receipt of this information will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the published schedule.

Thanks,
Getachew Tesfaye
