Barry,

I received two copies of the revised BWXT NOD-Lynchburg Emergency Plan, Rev. 20, dated May 30, 2008. One copy is a controlled copy (controlled copy Number 29). We are in the process of conducting an acceptance review to determine if we can begin our technical review. I will notify no later than September 26, 2008 concerning acceptance of the document for technical review.

If you have any questions, please contact me.
