

**Void Sheet**

TO: License Fee Management Branch  
FROM: Region 3  
SUBJECT: VOIDED APPLICATION

Control Number: 317416

Applicant: Jefferson Asphalt Company

License Number: 24-32390-01

Docket Number: 030-35988

Date Voided: September 5, 2008

Reason for Void: The licensee submitted an amendment request to add gauges containing Radium-226, however, the NRC does not have jurisdiction for this radionuclide at this time. The licensee's Radiation Safety Officer (RSO) was left numerous (at least 4) telephone messages, however, he failed to respond. The last telephone message informed the RSO that we were going to void his request and that he should check the NRC Website to check the date when the NRC will have jurisdiction for NARM materials in Missouri, and resubmit his request at that time.
