Date: September 11, 2008

Re: AmerGen Energy Company, LLC, Docket No. 50-0219-LR; Restrictions on
Filming of September 18, 2008 Oral Argument by Hibiscus Films

Hibiscus Films is granted permission to film the oral argument in the matter of AmerGen Energy Company, LLC, Oyster Creek License Renewal Proceeding, to take place September 18, 2008 at the Ocean County Administration Building, 101 Hooper Avenue, Toms River, NJ, subject to the conditions set forth below and any other conditions prescribed by the Atomic Safety and Licensing Board. Failure to comply with these conditions will result in the withdrawal of permission and termination of filming.

The conditions below are necessary to ensure there will be no disruption to the proceedings and no distraction to the participants. In addition, these conditions are necessary to protect attorney-client privilege and to provide adequate privacy to counsel in speaking with their clients, co-counsel, and counsel for the other parties.

1. All cameras and equipment must remain stationary at a designated location throughout the course of the hearing. During hearing sessions and breaks, the film crew may not move about the room to re-position any equipment. Prior to the start of the argument on September 18, the Licensing Board will instruct Hibiscus Films where they may set up their equipment. The argument will commence promptly at 9:00 AM. Hibiscus Films shall arrive sufficiently in advance of that time to complete their set up.
2. No additional lighting will be permitted.
3. No additional microphones will be permitted. Hibiscus Films may not use roving microphones, directional microphones, or microphones that can pick up conversations at a distance. Nor may Hibiscus Films place any additional stationary microphones at any of the tables.

If you have any questions, please direct them to the Board's Law Clerk, Emily Krause, at (301) 415-7466.

Thank you for your cooperation.
