Subject: NEI 03-01, Revision 2 - Comment Resolution

Tim,

Attached are copies (both Word & .pdf versions) of the revised NEI 03-01, revision 2 document and the comment resolution matrix. We only plan to discuss the matrix at the public meeting. The revised document is provided to you to help you in the review of our comment resolution and can be discussed in detail at the closed afternoon session, if necessary. I request that you and your team review the matrix in preparation for the meeting, so we can focus our attention on only those areas where you need further clarification or you are in disagreement with our resolution. It is our expectation that by the end of the meeting, we will be in agreement on all issues and will be able to obtain your endorsement of the document. As you know, we are almost half way through the implementation phase for the new requirements. Therefore, it is imperative that we come to closure on this document to help ensure that the industry effectively implements the new rule. Please let me know if there is anything else I can provide to you to assist you in your review of the document.

Please note Bob Kelm's message to me below on the matrix. Some additional information/reformatting has occurred based on industry feedback we obtained while addressing your comments.

Thanks,

Chris Earls
Senior Project Manager, Security

Chris:

Attached are two documents, a word version and a PDF file. The documents entitled "NEI 03-01 Comments 8-19-08 with Industry Responses 9-5-08" are the matrixed issues raised by the NRC. The industry responses are included within the matrix in RED text. In addition, the industry has identified several issues which have been appended to the matrix in page 74.

Robert R. Kelm, Sr.
