Fuel Cycle Licensee Performance Review Program

Introduction

Fuel Cycle Licensee Performance Review Program

Purpose

Review licensee's performance relative to the key functional area using a standardized approach

- **Safety Operations**
- **Safeguards**
- **Radiological Controls**
- **Facility Support**
- **Special Topics**

Fuel Cycle Licensee Performance Review Program

Objectives

- **Provide NRC Senior Management a high level picture of fuel facilities performance**
- **Integrated assessment across key functional areas**
- **Provide input for future inspection planning**

Fuel Cycle Licensee Performance Review Program

Methodology

- **Input from both inspection and licensing staff**
- **Key functional areas assessed**
- **Information reviewed by all participants**

Fuel Cycle Licensee Performance Review Program

Methodology (continued)

- **Performance assessment**
 - **Input presented/defended with supporting data**
 - **Consensus achieved**
 - **Changes in the inspection program based on possible trends considered**

- **Results communicated to licensee through a report and public management meeting**

Licensee Performance Review
for
American Centrifuge Lead Cascade Facility

August 25, 2006 – July 5, 2008

Performance Area: Safety Operations

Includes Chemical Safety, Criticality Safety, Plant Operations, and Fire Safety

No Specific Areas Needing Improvement

Performance Area: Safeguards

Includes Material Control and Accounting,
Physical Protection, and Classified Material
and Information Security

No Specific Areas Needing Improvement

Performance Area: Radiological Controls

Includes Radiation Protection, Environmental Protection, Waste Management and Transportation

No Specific Areas Needing Improvement

Performance Area: Facility Support

Includes Maintenance and Surveillance, Training, Management Organization and Controls, and Emergency Preparedness

No Specific Areas Needing Improvement

Performance Area: Special Topics

Includes Safety Licensing

No Specific Areas Needing Improvement

Inspection Program Changes

- Routine Nuclear Criticality Safety Inspections
- Annual Classified Material and Information Security Inspections
