**Subject:** Email and cell phone number changes

To all,

Please update your records with my new email address and cell phone number.

Due to IT challenges with at least one company I will be changing my email address to the Excel services email. My gmail and charter accounts will continue to be active; however, my default will be the Excel email.

My old cell number has been auto forwarding to my new number for some time. I have just changed that to leave an OGM reminding folks of the number change. Effective 6/1 the old number will no longer be in existence. Please update your contact list accordingly.

Here are the specifics:
