Joe, thanks.

I presume this is only internal hours and does not include any contracted support (PNNL for example).

Is there a way to break down the expenses any further? I know there are TACs for each TR, was a separate TAC created for the DCD vs COLA acceptance review? Perhaps a separate TRIM (is that what it is still called) for 9/16 thru 11/3 and another for 11/3 through 12/22 would also help distinguish the differences between pre-application efforts and acceptance review.

Phil,

Per our discussion this morning, I signed off yesterday on the fee bill for the 1st quarter 08 for the 740 project which includes both AP1000 and Bellefonte application charges. The period of time covered by the bill is from 09/16/2007 - 12/22/2007. The total amount of staff hours charged during this time (both regular and non-regular hours) was 11651.0.

Let me know if you have any questions.

Joe
