Joan / Sally,

We have been trying to get this public meeting notice on the website corrected for several days now. The ADAMS document has been corrected (ML082050624), but the notice on the public meeting website still shows the incorrect times for the afternoon session.

I am reaching out to OPA for help in getting the information on the website corrected this morning.

I haven't received word that it is been replicated. I'm supposed to have someone come over to do some training today I will ask her who we can contact to find out the status of this. I know ADAMS was down on Friday perhaps they are backed up because of that.

Hi Jerry, since ADAMS was down on Friday they just did the file swap. After it is replicated then I can post to web with correction.

It was listed in the agenda as 1:30. Do we need to do a corrected mtg notice?
