Joe,

Can you stop by to discuss this? Manny had some interactions with Alice, and I think was confusing us with Environmental - thinking we were going to have a writing session or detailed audit report with "resolution" of all our RAIs at the end of the audit. Also he thought it could be done remotely, but all our audits have to be done on-site, as part of it is a geological site tour.

Brian,

Since Manny is out for a while, do you have time to stop by?

Manny,

Cliff and I wanted to talk to you today about the Harris audit. If you're available this morning anytime 10 am or later, we should be around.
