SUBJECT

Control No. 317379 (Additional Information) - Re request by facsimile dated 9-17-08 to delete three additional Authorized Nuclear Pharmacists (ANP) and add two additional Authorized Nuclear Pharmacists (ANP) to License No. 24-04206-11MD, located in Saginaw, Michigan, based on their current ANP status on an Illinois issued broad scope license, License No. IL- 01117-01 (radiopharmaceutical license for two facilities located in Illinois).

SUMMARY

In the telephone conversation with Ms. Chance, I noted a couple of apparent errors in the "Authorized User Status Review" form for James Burzynski, dated July 24, 2008, for Mallinckrodt's Illinois issued License No. IL- 01117-01 (radiopharmaceutical license) signed by both the Radiation Safety Officer (Darren Prusha, R.Ph.) and the Director, Environment, Health & Safety (Kay Yoder). Ms. Chance acknowledged the errors involving the statement signed by the Director, Environment, Health & Safety on 8-18-2008 wherein the first sentence correctly referred to James Burzynski, but the second sentence incorrectly referred to "she, not "he", and the third sentence incorrectly referred to "Mr. Hamdan" instead of Mr. Burzynski. Further, Ms. Chance confirmed that James Burzynski, R.Ph., is indeed designated as an ANP on the subject Illinois license referenced above. Records were provided confirming that both the additional ANPs are registered pharmacists in the State of Michigan.
