Re: Massachusetts Institute of Technology – MIT Reactor Radiation Protection Officer, Docket No. 50-20; License No. R-37

Dear Sir or Madam:

The following is provided as an item of information. Mr. Frederick McWilliams, the MIT Reactor Radiation Protection Officer (MITR RPO), has accepted another position at MIT effective 30 September 08. A search has been initiated for his replacement. Mr. McWilliams will continue as the MITR RPO pending the successful completion of that search. The time commitment to the new position will be structured during the search so as to make this possible.

Sincerely,

John Bernard, Ph.D., PE, CHP
Director of Reactor Operations

Louis DiBerardinis
Director, EHS Office

cc: Senior Project Manager
Research and Test Reactors Branch A
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation

Senior Reactor Inspector
Research and Test Reactors Branch B
