A draft of the RAI was provided to AREVA on August 25, 2008, and discussed with AREVA's staff on September 4, 2008. As a result of that discussion and further investigation by the staff, it was determined that the information requested in this RAI is not needed for completing the staff's review of this particular section of the EPR FSAR. On September 30, 2008, the staff notified AREVA of its decision to cancel the draft RAI.
