RE: Amendment to NRC Radioactive Materials License #21-17630-01, Escanaba Paper Company in Escanaba, Michigan

1. We request Darren Hendon be identified as the Radiation Safety Officer for this license. Darren has completed the 40-hour manufacturer's radiation safety training course. A copy of his certificate is attached. A preceptor statement signed by the current Radiation Safety Officer, Carl Lippens, is also attached.
2. Please identify Carl Lippens as an Assistant Radiation Safety Officer for this license. Carl together with our current Assistant Radiation Safety Officer, Jeff Thennes, will assist the Radiation Safety Officer with the management of the program and serve as the delegates when the Radiation Safety Officer is not available.

Thank you for your assistance. If you have any questions concerning this request please contact Darren Hendon at 906-233-2839.

Sincerely,
Escanaba Paper Company

Mike Entz
Mill Manager

RECEIVED OCT 07 2008

Delegation of Authority

Memo To: The Radiation Safety Officer
From: Mike Entz, Mill Manager
Subject: Delegation of Authority

You, Darren Hendon, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the radiation protection program; identifying radiation protection problems; initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with the rules. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of radioactive material by employees who do not meet the necessary requirements and shutting down operations where justified by radiation safety. You are required to notify management if staff do not cooperate and do not address radiation safety issues. In addition, you are free to request amendment changes and raise issues with the Nuclear Regulatory Commission at anytime.

 9/12/08

Mike Entz, Mill Manager

I accept the above responsibilities,

Darren Hendon
Radiation Safety Officer

RE: Support Letter for Darren Hendon's appointment as RSO to NRC Radioactive Materials License #21-17630-01, Escanaba Paper Company in Escanaba, Michigan

I have known Darren Hendon for several years. He has performed the duties of the RSO as my delegate for the past year. He is knowledgeable of the regulations, license conditions and emergency response requirements. He has attended the Thermo Fisher Scientific manufacturer's radiation safety course (40 hours). He has also performed the routine inventories, shutter checks and leak testing of each of the gauges in this Mill. I believe that he is prepared and qualified to perform the duties as the RSO.

Thank you for your assistance. If you have any questions concerning this request please contact Darren Hendon at 906-233-2839.

Sincerely,
Escanaba Paper Company
