AUTHORIZED USER TRAINING AND EXPERIENCE AND PRECEPTOR ATTESTATION (continued)

Preceptor Attestation (continued)

First Section (continued)

For 35.392 (Identical Attestation Statement Regardless of Training and Experience Pathway):

I attest that Carl VanTassel, M.D. has satisfactorily completed the 80 hours of classroom
Name of Proposed Authorized User

and laboratory training, as required by 10 CFR 35.392(c)(1), and the supervised work and clinical case experience required in 35.392(c)(2).

For 35.394 (Identical Attestation Statement Regardless of Training and Experience Pathway):

I attest that _____ has satisfactorily completed the 80 hours of classroom
Name of Proposed Authorized User

and laboratory training, as required by 10 CFR 35.394 (c)(1), and the supervised work and clinical case experience required in 35.394(c)(2).

Second Section

I attest that CARL VAN TASSELL, M.D. has satisfactorily completed the required clinical case
Name of Proposed Authorized User

experience required in 35.390(b)(1)(ii)G listed below.

- Oral NaI-131 requiring a written directive in quantities less than or equal to 1.22 gigabecquerels (33 millicuries)
- Oral NaI-131 in quantities greater than 1.22 gigabecquerels (33 millicuries)
- Parenteral administration of beta-emitter, or photon-emitting radionuclide with a photon energy less than 150 keV requiring a written directive is required
- Parenteral administration of any other radionuclide requiring a written directive

Third Section

I attest that _____ has satisfactorily achieved a level of competency to
Name of Proposed Authorized User

function independently as an authorized user for.

- Oral NaI-131 requiring a written directive in quantities less than or equal to 1.22 gigabecquerels (33 millicuries)
- Oral NaI-131 in quantities greater than 1.22 gigabecquerels (33 millicuries)
- Parenteral administration of beta-emitter, or photon-emitting radionuclide with a photon energy less than 150 keV requiring a written directive is required
- Parenteral administration of any other radionuclide requiring a written directive

RE: Preceptor Qualifications for Reginald Dusing, M.D.

Dear Dr. Arnett:

I am submitting information to document the preceptor qualifications for Reginald Dusing, M.D. per the Nuclear Regulatory Commission's request to you dated August 26, 2008.

Dr. Dusing is the director of the division of Nuclear Medicine in the Radiology Department at the University of Kansas Hospital and has been since July 2000. He was approved as an authorized user by the Radiation Safety Committee in August 2000 for uses of radioactive materials that included 35.100, 35.200, and 35.300. This approval was based on his status as an authorized user at the Veterans Administration Medical Center in Kansas City, Missouri as documented by a copy of their radioactive materials license.

If you require additional information, please contact Ruth Schukman-Dakotas, Radiation Safety Officer, University of Kansas Hospital, at (913) 588-1713 or rschukma@kumc.edu.

Sincerely,

Ken Kuse, Chairperson
Radiation Safety Committee

c: Reginald Dusing, M.D.
