Dear Betsy,
The approximate size of the entire facility is 8.8 acres. The area surrounding the facility is mixed industrial/commercial. Feel free to contact me if you have any additional questions.
Best regards,
Tom

Mr. Pitler,

Thank you for the Rad Assessment Report and the Form 314. Eevrything looks in order, and I am drafting the Environmental Assessment for publication in the Federal Register. I need some minor additional information about the Northeast industrial Road site of your facility:

1. approzimate size of total facility (acres)
2. type of area surrounding the facility (commercial, industrial, residential, rural, mixed commercial/residential etc)

The draft EA will be forwarded to the State of Connecticut for review; when their review is completed, we will send the EA to the Federal Register for publication. Once it is published, the license can be terminated.

If you have any questions, please contact me.

thanks,
Betsy Ullrich
