Director of Nuclear Reactor Regulation  
Attention: Mr. B. Youngblood, Project Director  
PWR Project Directorate No. 4  
Division of Pressurized Water Reactors (PWR)  
Licensing A  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Youngblood:

SEPTEMBER 17, 1985 TRANSMITTAL OF SUMMARIZATION OF CLOSED NUCLEAR SAFETY  
REVIEW STAFF REPORTS

Please refer to your letter to H. G. Parris dated December 5, 1985 requesting copies of all NSRS reports which have been closed with line management. This information was previously submitted to NRC in our letter to H. R. Denton dated November 25, 1985. This letter contained in enclosure 1, a list of all NSRS reports closed through August 31, 1985 and in enclosure 4 actual copies of the closed NSRS reports. This should supply you with the needed information. Fisher Campbell of my staff discussed this with you on December 31, 1985. Please call him at FTS 858-4892 if you have any further questions.

Very truly yours,

TENNESSEE VALLEY AUTHORITY
