SUBJECT: Lumondi, Inc. Materials License No. 29-23921-01 Termination - Supplemental Information, Control No. 140527

Ms. Beardsley:

In response to your letter dated June 29, 2007 and subsequent e-mail dated September 15, 2008, this letter is intended to clarify Lumondi, Inc. license activities for the purpose of termination of License No. 29-23921-01 (reference Control No. 140527). Clarifications are as follows:

- The facility address in reference is 81 Ruckman Road, Closter, NJ 07624-2102.
- Only finished timepieces were handled at the licensed facility.
- No timepieces were ever opened or repaired at the facility.
- The licensee was leasing the facility and no longer occupies it.
- The facility has since been renovated by the owner.

We hope this information meets your needs. Please forward any subsequent correspondence to Mr. Barry Cohen (information below). If you have any questions or comments, feel free to contact Mr. Shane Brightwell, RSO (technical, regulatory) or Mr. Cohen (corporate) at any time by any means.

Respectfully,

Barry/Max,

This e-mail is in response to the NRC's latest request. The good news is that the solution to the Ruckman Road license termination dilemma is a relatively easy one. See Michelle Beardsley's latest e-mail at the end of mine.

In a nutshell, please review the attached letter to the NRC. If you approve, print it out, Barry sign it, and fax it to Michelle Beardsley's attention @ 610-337-5269, and put **Control No. 140527** on the fax cover page.

Call or write with any Qs...

Shane: Betsy had forwarded your message about being tied up for awhile on other cases. As far as Lumondi goes— if they submit a statement that they never opened or repaired the watches AND also that they do not occupy the facility and that it has been sold/remodeled / renovated (whichever) (which I think this is what you told Betsy), I will be able to terminate the license. Please have them sign off on this statement and reference Control No. 140527; you can fax to my attention at the number listed below. Thanks, Michelle
