Penny,

Please accept attached answers to questions which I asked of the NIH PET Department, relating to Pam Henderson's concerns re: FDA issues.

I hope that I have captured what Pam was concerned about, in my phrasing of the questions to them.

I received this reply from Dr. Peter Herscovitch, Chief, PET Department, NIH Clinical Center earlier this afternoon.

If you have any additional questions please contact me today or Nancy Newman who will be acting for me next week.

Bob

p.s. would appreciate a reply just to verify you received this – thanks!
