Hello Betsy,

Reference: Canberra Industries, Inc. License number **06-15099-01**.
Docket No.: 030-08562
Control No.: 142589

As a follow up to our recent telephone conversation, the manufacturer (AEA QSA Global) of a new Am-241 source that Canberra wishes to possess mentioned that the correct model number is **AMC.19** and not **AMD.19** as it currently appears in Condition 7Q on page 2 of the reference license.

Let me know if you have any questions or desire any additional information
