Re: JRF America, PADEP License Number 37-02226-02; Financial Assurance Instruments

Dear Mr. Cihy:

I have received the original Parent Company Guarantee Agreement, dated June 10, 2008, which was submitted by United Phosphorous Ltd. on behalf of JRF America (Pennsylvania Department of Environmental Protection Radiation Materials License Number 37-02226-02). I have also received the original Certification of Financial Assurance for JRF America. I have reviewed all the financial assurance documents submitted. The Certification and the Parent Company Guarantee Agreement for JRF America are acceptable, and the financial assurance for JRF America is approved at this time. By copy of this letter, I am notifying the Nuclear Regulatory Commission (NRC) that the financial assurance instruments that JRF America currently has on file with the NRC should be cancelled and returned to you as soon as possible.

Thank you for your prompt attention to this matter.

Very truly yours,

Richard S. Morrison
Assistant Counsel
