Subject: Calvert Cliffs Nuclear Power Plant - Interested Tribes and Parties

Mr. Colston,

Ms. Dixie Henry from the Maryland Historical Trust referred me to you. I am contacting you on behalf of the U.S. Nuclear Regulatory Commission (NRC) in response to an application the NRC received from UniStar for a combined construction permit and operating license for a new plant at the current site in Calvert County.

The NRC is in the process of preparing a draft environmental impact statement. Can you please recommend tribes and/or parties that might be interested in participating in the environmental scoping process for the Calvert Cliff's review?

Thank you for your assistance,

Tara
