Subject: Constellation Indirect License Transfer Application Expected Week of October 6, 2008

FYI -

Previously, Constellation informed the staff that they expected to submit their joint license transfer application with MidAmerican Energy Holdings Company on or about Monday, September 29, 2008. Late yesterday Constellation informed me that they now expect to make this submittal during the week of October 6, 2008. They will still request NRC approval by the end of March 2009.
