I pulled Jim Flythe's comment letter from ADAMS today.

Attached is the file for our Harris Comments Inbox.

Tara

Document Date: 06/11/2008

Tara,

I have four comment letters/emails that were sent to me from ADAMS. I will be sending them to you and to the generic "nrc.harris.comments" address to help get things going. The first one is attached. Do let me know whether this works for now or if you have a preferred way (e.g., directly forwarding to nrc.harris.comments@pnl.gov).

Thanks in advance,
Don

(1)

As a citizen of Raleigh, North Carolina, I urge you to approve the expansion of the nuclear power plants in our state. Nuclear power plants have a wonderful track record. As a former Marine Engineer and General Contractor, I understand many of the problems that have to be considered. We need more electrical capacity. Nuclear power is cheaper, safer, and cleaner and has less environmental impact.

North Carolina needs energy and less dependence on oil. Nuclear Energy will help our economy. Again, I urge you to approve the expansion of Nuclear.

Sincerely,

Jim Flythe
