SUBJECT: MIDDLESEX HOSPITAL, AMENDMENT NOT NEEDED, CONTROL NO. 142883

Dear Mr. Evert:

This refers to your letter dated September 30, 2008, requesting to change the authorized medical physicist (AMP) for your license. Your license previously listed an AMP for your strontium-90 ophthalmic applicator. The AMP was removed in Amendment No. 50, issued in October 2006, when the ophthalmic applicator was removed from clinical use. The ophthalmic applicator was subsequently disposed and removed from the license in Amendment No. 52, issued in April 2007. Current regulations have no provision to name an AMP for the authorizations remaining on your license. We have, therefore, voided your amendment request.

Thank you for your cooperation.

Sincerely,

Original signed by Sandra Gabriel
