Dear Dr. Ricci:

Enclosed is Amendment No. 25 amending your NRC Material License No. 24-25816-01 in accordance with your request. Please note that the changes made to your license are printed in **bold** font. Also, we have not added Dr. Steinberg as an authorized user to your license at this time. As discussed with Ms. Marcia West, Regional Health Physicist, Cardinal Health, you will need to complete and submit Item 3.b. of NRC Form 313A for Dr. Steinberg's training and experience. Upon receipt of this additional information we will reactivate our review.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

A handwritten signature in cursive script, appearing to read "Kevin G. Null".
