Arlington, TX 76011-4125

**RE:** License #: 40-29306-01, Docket # 030-37799

**Subject:** Amendment to License

Dear Mr. Torres:

This letter is a request to amend our material license # 40-29306-01.

We are requesting the addition of Radium-228 in any form at a maximum amount of 1 microcurie. The use of this material will be for calibrating of analytical instrumentation and as reference standards during sample analysis.

Additionally, we are requesting that the reference to "except sealed sources" as stated in section 7 for items A through J be removed to allow for "any" chemical or physical form to be possessed.

Sincerely,

A handwritten signature in black ink, appearing to read 'Dean Aurand'. The signature is fluid and cursive, with a large, looping 'D' and 'A'.

Dean Aurand

A handwritten signature in black ink, appearing to read 'Patricia A. Tibbets'. The signature is cursive, with a large 'P' and 'T'.

Patricia Tibbets, RSO

**Subject:** license change  
**Attachments:** NRC request.pdf

Roberto,

I realized that my previous request letter did not have the RSO's signature, so I have resent this updated, attached letter

**Dean Aurand**
