Joe,

I have confirmed that the following Hydrology documents are available in both the NPOC office in White Flint and the Reading Room in Richland Washington.

- o 3 User's Manuals in hardcopy (SOCH, Debreach, and Conveyance/Weighted width),
- o Blue Ridge Hydrograph Hardcopy and efiles for calculation (Hydrograph calculation efiles are incompatible with standard Adobe settings and are therefore not openable. We are still working to resolve),
- o and a CD containing the EXCEL spreadsheet of the verification of the SOCH subcodes (this cd is openable and useable).

We are still working to make a computer available at each of the locations.

Note: We will have computers available all day Wednesday, October 8 if any of the reviewers would like come over to view the files. You can call either myself or Eddie to confirm a time.

Andrea
