Ref: Federal Emergency Management Agency (FEMA) Final Request for Additional Information (RAI) of the Offsite Emergency Response Plans for the Combined License (COL) Application for Bellefonte Nuclear Plant Units 3 and 4

Dear Mr. Ray:

Please find the enclosed Request for Additional Information (RAI) of the COL application, Bellefonte Nuclear Plant Units 3 and 4, submitted by the Radiological Emergency Preparedness (REP) Program staff from the FEMA Region IV Office. The information pertaining to offsite radiological emergency response plans, provided in the COL application, effectively supports Phase 1 of the offsite technical review.

The process will be continuing throughout the next few months with the understanding that we may continue to make future requests for further information on any Open Item in order to adequately support our effort to move onto Phase 2.

In accordance with current guidelines, please review all of the enclosed RAIs and respond with the information/updates within forty-five (45) days of the date of this letter.

Should you or members of your staff have any questions regarding this matter, please contact Ms. Bonnie Sheffield at (202) 212-2120, Ms. Rebecca Fontenot at (202) 212-2315 or Mr. Conrad Burnside at (770) 220-5426.

Sincerely,
