

December 5, 2008

Robert E. Owen, Chief
Bureau of Radiation Protection
Ohio Department of Health
246 North High Street
Columbus, OH 43215

Dear Mr. Owen:

We have reviewed the final rule 3701:1-48-01 of the Ohio Administrative Code, received by our office on October 27, 2008. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Part 34 and the requirements of the amendment identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Mike Snee on December 3, 2008.

As a result of our review, we have no comments on your final rule. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that the regulations, as adopted, meet the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200.

The SRS Data Sheet summarizes our knowledge of the status of other Ohio regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the FSME website: <http://www.hsrc.ornl.gov/nrc/rulemaking.htm>.

If you have any questions regarding the comment, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact Kathleen Schneider, State Regulation Review Coordinator, at (301) 415-2320 (Kathleen.Schneider@nrc.gov) or Aaron T. McCraw at (301) 415-1277 (Aaron.McCraw@nrc.gov).

Sincerely,

/RA/

Terrence Reis, Deputy Director
Division of Materials Safety and State Agreements
Office of Federal and State Materials
and Environmental Management Programs

COMMENT RESOLUTION ON FINAL OHIO REGULATIONS

from January 9, 2003 letter to Roger L. Suppes, Ohio Bureau of Radiation Protection

State Regulation	NRC Regulation	RATS ID	Category	Subject and Comments
1-48-01 (C)	34.3	1997-5	B	<p>Definition of “Certifying Entity”</p> <p>The definition is missing a portion regarding an Agreement State being a certifying entity.</p> <p>“means an independent certifying organization meeting the requirements in appendix A of rule 3701:1-48-16...<u>or an Agreement State meeting the requirements in appendix A, parts II and III of rule 3701:1-48-16.</u>”</p> <p>The State needs to include this part of the definition.</p>

Comment resolution:

Although the State revised the regulations, the State’s regulation still does not explicitly define an Agreement State as a “certifying entity;” however, the regulations clearly state that any organization that meets the criteria set forth in Appendix A to 3701:1-48-16 will be recognized as a “certifying entity.” Appendix A to 3701:1-48-16 includes the requirements for an Agreement State to be considered as a “certifying entity.” A telephone conversation with Mike Snee from the Ohio Bureau of Radiation Protection revealed that the State does recognize Agreement States as certifying entities if they meet the applicable criteria in Appendix A. The State recognizes Agreement States as “independent certifying organizations.” The State has met the intent of the definition of 10 CFR Part 34.3; therefore, the differences in text do not affect compatibility.

STATE REGULATION STATUS

State: Ohio

[1 amendment(s) reviewed is identified by a ★
at the beginning of the equivalent NRC requirement.]

Tracking Ticket Number: 8-98

Date: December 5, 2008
