Dear Mr. Wrobel:

The detailed schedule shows a target date and a later date that includes management reserve. management reserve allows for unanticipated delays. The date difference you noted is due to the difference between the target date and the management reserve date. At this time, no schedule changes have been made.

Sincerely,

Thomas Fredrichs, Sr. Project Manager

Tom, is the 2 month slip in the FEIS based on the intake structure relocation, something else, is it tentative, and how can we make it up?
