Re: RSO change request

Dear Sir or Madam:

On September 18th of this year Mr. William Johnson, our acting RSO, was released from service as part a re-organization. This letter is to indicate our desire to have a Mr. Timothy D. Jones listed as our Radiation Safety Officer.

Mr. Jones is our Electrical Maintenance Supervisor. He has been working on the equipment in which our licensed material exists since 1986 under the supervision of the previous RSOs, Mr. Paul A. Lemelin and Mr. William Johnson. Mr. Jones has completed the Nuclear Gauge Safety Training and Hazmat Certification as required by U.S. DOT and IATA on 11/14/07. In Addition, Mr. Jones completed the Radiation Safety Officer Training Class on 11/15/07. These courses should satisfy the requirements called for in NUREG 1556 Vol 4, Sections 8.7.1, 8.7.2 and appendices F, G, and N. These are the very same training classes as Mr. Johnson attended.

Mr. Jones will act as our interim RSO until a response for this permanent change is received. Please address any concerns or questions as soon as possible with Mr. Jeremy Bannwart, Plant Engineer, at (219) 324-6886 x3137.

Thank You,

Mr. Jeremy Bannwart
Plant Engineer
