Subject: revoke the Waste Confidence Decision

PR 51
(73FR59547)
(73FR59551)

I am joining my name and concern to all who require that you revoke your Waste Confidence Decision and establish more robust storage of irradiated fuel already at operating and closed reactors.

I am a citizen deeply concerned about public health and convicted that our stockpile of irradiated fuel is largely responsible for the epidemic of cancer in our nation.

This must happen.
