Louise,

The APP just called on the board notification. AmerGen actually sent the reporter the notification.

Here are two questions I could use your help on: 1.) How long will it take for AmerGen to do a reanalysis of the nozzle in question?; 2.) What did the previous analysis of the nozzle show in terms of the acceptance criteria, i.e., CUF?; and 3.) Why did the NRC staff not identify this issue until now?

Thanks,  
Neil
