RE: Update on Schedule For Providing Additional Information For The Nichols Ranch ISR Project License Application (TAC LU140, Docket No 040-09067)

Dear Mr. Linton,

In a letter dated October 8, 2008 Uranerz informed the Nuclear Regulatory Commission (NRC) of its preliminary intention to have some responses to the NRC by mid-November 2008. After the meeting between Uranerz and the NRC to discuss the request for additional information (RAI's) on October 22, 2008, Uranerz now anticipates submitting responses to the NRC by end of 2008.

Uranerz will continue to update the NRC on any changes that may delay the submission of responses to the RAI's for the Nichols Ranch ISR Project. If you have any questions, please contact me at 307-265-8900 or by email at: mthomas@uranerz.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Thomas", written over a horizontal line.
