Subject: RE: SLi Lighting NRC license

SLi Lighting

License No. 39-31336-01

Docket No. 030-37842

Control No. 142837

Kevin,

I forgot to tell you that there were no attachments with the hard copy response you sent. You had sent me draft copies of these, but I would like the final versions.

1) Your response to Question 5.a. refers to addendum A-B-C. 5.b also refers to it. Can you email me this document?

2) Your response to Question 5.c. states "see page one". Your response to Question 6 says "see page 2 attached". Nothing was attached, and I am unsure which document page 1 and page 2 refer to. Please let me know, and attach the document.

3) Your response to Question 6 was not quite complete: which individual do you want to name as the RSO oin the license - Lehrngal, Beerten of Stockswill? You named Sammy Smith as their in-house representative. Are there any other individuals at the warehouses that you want to have named on the license as persons responsible for receiving the Kr-85 lamps?

4) Your response to Question 7 referred to the atached Sylvania training method. It was not attached. Please email me a copy.

5) Your response to Question 10 is "see attached". I also need this document emailed to me.

again, my apologies for forgetting to bring this up yesterday in Blackwood.
Betsy
