SUBJECT: MAINTENANCE OF REFERENCE MATERIALS AT THE OSWEGO PUBLIC LIBRARY RELATED TO THE ENVIRONMENTAL REVIEW OF THE COMBINED LICENSE APPLICATION FOR THE NINE MILE POINT UNIT 3 NUCLEAR POWER PLANT

Dear Mrs. Ferlito:

This letter is a follow-up to our telephone conversation on October 30, 2008, concerning the maintenance of documents related to the environmental review for the Nine Mile Point Unit 3 Nuclear Power Plant (NMP3NPP) combined license (COL) application by your library. These documents are related to the Nuclear Regulatory Commission (NRC) staff's environmental review and preparation of an environmental impact statement (EIS) related to the application for a COL at the NMP3NPP site.

We appreciate your willingness to assist the public in participating in the environmental review process. As discussed, your support would consist of providing shelf space in your reference section. We will place the Oswego Public Library on our distribution list for future documents related to our environmental review. Included with the package are one hard copy and one CD of the NMP3NPP Environmental Report, along with an empty binder for future correspondences.

Thank you for your cooperation. If you have any questions, you can reach me at (301) 415-3550 or Philip.Brandt@nrc.gov or Jessie Muir at Jessie.Muir@nrc.gov or (301) 415-0491.

Sincerely,

/RA/
