	)	
(High-Level Waste Repository: Pre-Application Matters)	)	November 26, 2008

CLARK COUNTY CERTIFICATION OF
LICENSING SUPPORT NETWORK SUPPLEMENTATION

Each potential party is required by 10 C.F.R. § 2.1003(e) to supplement, on a continuing basis, its documentary material made available on the Licensing Support Network (LSN) with additional material created or discovered after the date of its certification of January 16, 2008. Pursuant to the requirements of 10 C.F.R. § 2.1003(e), the Pre-Application Presiding Officer (PAPO) Board has ordered in the Revised Second Case Management Order dated July 6, 2007, that each potential party make such supplementation on or before the first day of each month following its initial certification, and file to that effect.

On January 16, 2008, Clark County, Nevada filed its initial certification. As the official responsible for the administration of Clark County's Nuclear Waste Oversight Program to duly supplement the LSN collection of electronic files of documentary material, I hereby certify that, pursuant to procedures established under 10 C.F.R. § 2.1009(a)(2), and the Revised Second Case Management Order dated July 6, 2007, to the best of my knowledge, documentary material specified in 10 C.F.R. § 2.1003 has been identified and made available in accordance with the requirements of 10 C.F.R. § 2.1011(b)(2). This certification covers any documentary material identified and made available through the LSN subsequent to Clark County's initial certification dated January 16, 2008.

Clark County will continue to supplement its collection of documentary material on the LSN as required by 10 C.F.R. § 2.1003(e) and the Revised Second Case Management Order dated July 6, 2007.

Phil Klevorick
