MEMORANDUM TO: SSD Case 08-45, International Isotopes

FROM: Nima Ashkeboussi **/RA/**

SUBJECT: Certificate Transfer

In accordance with the NARM rule making, in letter dated August 25, 2008, International Isotopes requested the transfer of Sealed Source and Device Registration Certificates TX-1153-S-101-S, TX-1153-S-103-S, TX-1153-S-104-S, and TX-1153-S-105-S from the State of Texas to the NRC. The State of Texas provided the original application and background documents. Subsequently, in letter dated September 2, 2008, International Isotopes requested an amendment to certificate TX-1153-S-101-S.

NRC completed the transfer of TX-1153-S-103-S, TX-1153-S-104-S, and TX-1153-S-105-S with no independent safety evaluation. A full review was conducted for TX-1153-S-101-S due to the amendment request.
