SUBJECT: MAINTENANCE OF REFERENCE MATERIALS AT THE SOMERVELL COUNTY LIBRARY RELATED TO THE ENVIRONMENTAL REVIEW OF THE LUMINANT GENERATION COMPANY LLC COMBINED LICENSE APPLICATION AT THE COMANCHE PEAK NUCLEAR POWER PLANT SITE

Dear Ms. Oldham:

This letter is a follow-up to our telephone conversation on November 20, 2008, concerning the maintenance of documents related to the environmental review for the Comanche Peak Nuclear Power Plant (CPNPP) combined license (COL) application by your library. These documents are related to the Nuclear Regulatory Commission (NRC) staff's environmental review and preparation of an environmental impact statement (EIS) for the Luminant Generation Company LLC application for COL at the CPNPP Site.

We appreciate your willingness to assist the public in participating in the COL application process for a new nuclear reactor. As discussed, your support would consist of providing shelf space in your reference section for documents related to the NRC staff's environmental review of the new reactor license application available to the public. Included with the package are one hard copy and one CD of the CPNPP environmental report.

We will place the Somervell County Library on our distribution list for future correspondence and documents related to our environmental review. We request that you place these items on the reference shelf as they are received.

Thank you for your cooperation. If you have any questions, you can reach either me at (301) 415-3924/michael.willingham@nrc.gov or John Fringer at (301) 415-6208/john.fringer@nrc.gov, respectively.

Sincerely,

/RA/

Michael Willingham, Project Manager
Environmental Project Branch 1
Division of Site and Environmental Reviews
Office of New Reactors

Enclosure: As stated

Docket Nos.: 52-034 and 52-035

cc w/o Enclosure: See next page
