SUMMARY

The inspector asked what the licensee was doing to locate the missing package.

The RSO stated that the flight to Philadelphia, PA included stops in Richmond, VA and Baltimore, MD. Therefore, the licensee contacted applicable customers in Richmond and Baltimore requesting them to see if they received the missing package. None of those customers received the missing package. The licensee had been contacting the couriers daily to see if they found the package; however, the package is still missing. The licensee also requested the couriers to provide it with a timeline of actions they have taken to find the missing package.

The RSO confirmed that he would provide a timely written report of the loss as required by 10 CFR 20.2201.
