Dear Sir or Madam:

In Reference 1, the NRC requested additional information from Entergy Operations, Inc. (Entergy) on one item, related to SRP Section 02.02.03, to support the review of certain portions of the Grand Gulf Unit 3 Combined License Application (COLA). The original due date for the response to this request for additional information (RAI) was November 5, 2008, which was extended to December 5, 2008 via Reference 2.

Subsequent to submitting Reference 2, Entergy determined that additional time is required to respond to Reference 1 due to external interface needs and the associated schedule. Therefore, Entergy will provide the response to RAI #10 by January 16, 2009.
